

fast track 2 cash now

Get four for the price of three.

For a limited time, you can get four select Cisco® products for the price of three. Use this opportunity to build a connectivity solution for less.

Act now to receive a free Cisco access point when you order three of the same Cisco products listed below.

Don't miss your chance to receive a free product that helps build the solution your business customers need for affordable, reliable connectivity.

With these Cisco solutions, your customers can add Cisco reliability and value to their networks. The pricing and availability of these solutions offer an affordable option for clients who need Cisco

performance. Plus, this pricing is available only through this promotion.

Add these solutions to the wide range of Cisco products to provide complete and highly secure networking solutions for your business customers.

Connecting business to the world.

Offer valid: November 1, 2010 - January 28, 2011.

Build a Network Solution

Now, for a limited time, get four wireless access points for the price of three when you order four of the same Cisco wireless access points. Together, all four can provide a highly secure and reliable wireless network foundation that can scale as your clients' networking needs change.
