ESW-520-24-K9	24-port 10/100; 4 10/100/1000BASET (2 combo SFP slots)	\$49	\$649

The Cisco ESW 500 Series is a group of cost-effective, easy-to-use switches that provide the basis of a small business network. Part of the Cisco Small Business Pro Series, these managed Ethernet switches offer Fast and Gigabit Ethernet connectivity, security, quality-of-service, Power over Ethernet, and a 5 year warranty with next business day replacement. These switches provide a compelling and affordable product suite to help you develop new opportunities with small businesses including upselling to security, IP communications and wireless solutions, and customer services.

Take advantage of the Cisco Small Business "Cash Now" Partner Promotion to offer your small business customers high-performance, easy-to-manage switches that are designed and priced for them—and get an instant cash rebate.
