## About Global Knowledge

Global Knowledge is the largest privately held provider of enterprise learning services and training for IT and management professionals. Global Knowledge offers expert instruction and flexible delivery methods to deliver training when, where, and how you need it.

## Delivery Methods

**Classroom Learning** offers expert instructors, hands-on labs, and superior content that provide excellent, results-oriented training in the classroom

**Self-Paced e-Learning** features the same superior content as instructor-led training with delivery available via CD-ROM or the web.

**Virtual Classroom e-Learning** delivery combines the best of Classroom Learning with the best of online learning by featuring live, instructor-led training via the Internet. Live labs use real equipment in real time without the need to travel.

## Benefits for You

As an Ingram Business Partner, take advantage of these discounts on Global Knowledge learning solutions.\*

- 15% off Classroom Learning
- 25% off Self Paced e-Learning
- 20% off Virtual Classroom e-Learning

To place an order, please contact Global Knowledge at 888-326-6508 (option 1)

**When placing an order, you must reference KEYCODE C162C to receive your discount.**
