## NCR Products

### **Low Profile Bi-optic Scanner/Scale**

The NCR RealPOS Low Profile Bi-Optic Scanner/Scale incorporates NCR's Optical Effects Technology, first introduced in the NCR RealPOS Low Profile Bi-Optic Scanner/Scale.

### **RealPOS Two-sided Multifunction Printer**

The company that originally invented the point-of-sale receipt now takes thermal printing into the next generation with the introduction of two-sided thermal receipt printing technology.

### **RealPOS 7878 High Performance Bi-Optic Scanner/Scale**

The NCR RealPOS High Performance Bi-Optic Scanner/Scale incorporates NCR's Optical Effects Technology which sets a new standard for scan pattern density to capture and read all barcodes.
