## NCR Programs

### Dealer Ready Program

For over 100 years, NCR has partnered with companies to extend our market reach and increase customer satisfaction. Our new Dealer Ready Program offers end users an opportunity to purchase NCR Scanners the way they prefer to buy, through their local dealer. Even if you aren't in the NCR Partner Program, the **Dealer Ready Program** will allow you to take advantage of NCR's superior scanning technology and become a reseller of eligible NCR scanning products.
