

## Hand Held Products Partners Program

Dolphin 9500 PDT resellers may qualify to participate in a Partners Program offered by Hand Held Products and Nimax. This program will offer two levels of benefits: Standard and Elite. Standard Program benefits include: competitive pricing, 800 number for technical support, design win availability and a demo discount.

The additional benefits Elite Program partners will enjoy are: a dedicated Hand Held Products Regional Sales Manager, priority in Tech support Queue, additional 10% off demo products, MDF for qualified programs, company profile on Hand Held Products web site, Elite member designation and plaque. Elite Program partners will also receive priority allocation on new products, preferred lead distribution and priority confirmation for free technical training sessions.
