Reduce Medical Errors and Simplify Compliance

Ensuring patient safety is a primary concern for today's healthcare professionals. The rising complexity of medical care has been further complicated with the large variety of new medications on the market. As a result, medical errors have become one of the largest safety gaps in the healthcare industry.

Zebra's QL 220 Plus is a compact, lightweight thermal mobile printer that helps dramatically reduce labeling errors by allowing clinicians to immediately label blood or specimen draws at the bedside. With advanced, secure wireless connectivity and

long battery life, the QL 220 is easy for nurses and phlebotomists to carry to the point of care via a belt clip, shoulder strap or cart.
