**Ingram Micro Named to Transport Topics Top 50 Logistics Companies List**

*Leading Transportation Logistics Publication Names Ingram Micro Logistics  
No. 27 on Annual Listing*

**SANTA ANA, CALIF. – January 24, 2012 – [Ingram Micro Inc.](#)** (NYSE: IM), the world's largest technology distributor and supply-chain services provider, announced today it has been ranked on *Transport Topics* [Top 50 Logistics Companies list](#). The annual list, which is based on North American revenues for the calendar year, ranked [Ingram Micro Logistics](#) No. 27.

“Being recognized on the Transport Topics Top 50 Logistics Companies list is a great honor and testament to our diverse portfolio of services,” said Robert Gifford, executive vice president, global logistics for Ingram Micro. “With more than 30 years of order management and fulfillment expertise, we continue to expand and enhance our services to provide our customers with best-in-class logistic services in North America and worldwide.”

The yearly listing covers freight management and forwarding, brokerage services, warehousing and distribution by accurately and objectively documenting the size and scope of the largest operators in the United States and Canada.

Since 1979, Ingram Micro has been a recognized leader for shipping accuracy, inventory management, order fulfillment and on-time performance. As a division of Ingram Micro, Ingram Micro Logistics (IML) leverages this expertise with supply chain management in information technology to provide a variety of logistics services to help streamline customers' supply chains, optimize fulfillment and improve customers' satisfaction.

As a leading provider of supply chain management in information technology, Ingram Micro Logistics is becoming known as one of the leading 3rd party logistics providers in the industry, expanding its offering to include a variety of industries outside of the technology channel.
