Ingram Micro Logistics is a premier third-party logistics provider, delivering customized end-to-end supply chain solutions to our valued clients regardless of business or product. At Ingram Micro Logistics, we provide more than 30 years of order management and fulfillment expertise to help our customers gain a competitive advantage, with a wide range of services unequaled by other national distributors. Our multichannel supply chain expertise allows you to stay focused on growing your business—and when it grows, we'll scale to meet your needs.

### Unparalleled Expertise

Since 1979, Ingram Micro has been setting the standard for shipping accuracy, inventory management, order fulfillment and on-time performance. As a division of Ingram Micro, Ingram Micro Logistics leverages this expertise to provide a variety of logistics services to help streamline your supply chain, optimize fulfillment and improve customer satisfaction.

### As Big as You Want—As Small as You Need

We have 100 distribution centers serving 150 countries around the globe. In North America, our seven Advanced Logistics Centers (ALCs) comprise more than 4.4 million square feet of space. So whether you're doing business on the local—or the global—scale, Ingram Micro Logistics can help you grow your business with no monthly minimums and a variable cost model.

### Services and Solutions Provided:
