

## EXPECT MORE

Our customers have come to expect our better-than-99-percent order accuracy, on-time shipping and tight inventory controls. It's what we do outside of the box that sets us apart.

Ingram Micro Logistics (IML) provides a variety of logistics services to drive efficiencies, reduce costs and improve customer satisfaction. Our clients range from worldwide IT vendors and national retail chains, to e-commerce and brand-name apparel. We leverage more than 30 years of order management and fulfillment expertise to help our customers gain a competitive edge in the marketplace.

### WHY IML?

- Improve delivery services with better-than-99-percent shipping accuracy.
- Reduce errors with better-than-99-percent inventory accuracy.
- Increase on-time performance with better-than-99-percent same-day shipping.
- Reduce shipping costs by leveraging our \$150 million in annual freight spend.
- Increase sales by focusing on your business growth, not your supply chain.

### SERVICES AVAILABLE

We are one of the only national IT distributors offering all of these services in one place. Our complete logistics services enable our partners to grow their businesses and expand into new markets.

Our services include:

- E-commerce and retail fulfillment
- Reverse logistics
- Postponement
- Order management
- Light assembly/kitting
- Bundling
- Gift wrapping
- Call center
- Export services
- Vendor managed inventory
- Activation services
- Software loading
- And more

### THE SMART CHOICE

With IML, you determine the amount of inventory in our facility and pay only for the space you need. Whether you ship just one — or 10,000 — orders per day, our complete supply-chain solution is available to help you focus on your business growth.
