

Point of Sale

Recommended Configurations:

- At least 1 GB of RAM (2 GB if running Windows Vista) for a single workstation installation
- 1 GB of disk space (additional space required for data files)
- Optimized for 1024 x 768 screen resolution.
- Operating Systems:
 - Microsoft Windows XP (SP3 or later strongly recommended), all editions
 - Windows Server 2003
 - Windows Vista, all editions (SP2 or later strongly recommended)
 - Windows Server 2008
 - Windows 7
- Data import/export and Microsoft Office integration requires:
 - Microsoft® Excel 2000, 2002, 2003, or 2007
 - Microsoft® Word 2000, 2002, 2003, or 2007

Multi-user recommendations:

- Multi-core processor and 2 GB of RAM are recommended for better performance on the Point of Sale server workstation.
- In a multi-user configuration, each workstation concurrently running Point of Sale must have a separately purchased user license, and every copy of Point of Sale must be the same version and level.

Intuit QuickBooks Point of Sale Merchant Service:

- Optional fee-based service, additional terms & conditions apply.
- Requires a QuickBooks Point of Sale merchant account through Intuit Payment Solutions, LLC. Application approval and fees apply. Details available at www.payments.intuit.com/posms
- Credit card reader and printer required for credit and debit transactions. PIN pad required for debit transactions.
- Internet connection required.

Intuit QuickBooks Point of Sale Gift Card Service:

- Optional fee-based service, additional terms & conditions apply.
- Requires a gift card account through QuickBooks Point of Sale Gift Card Service, provided by Intuit Payment Solutions, LLC. Application approval and fees apply. Details available at www.payments.intuit.com/posgcs
- Requires QuickBooks Point of Sale Gift Card Service gift cards, sold separately
- Internet connection or modem required
- Service is independent of QuickBooks Point of Sale Merchant Service.
- Optional card reader and receipt printer sold separately or available with QuickBooks Point of Sale Solution Software/Hardware bundle.

Financial software integration requires (sold separately):

- QuickBooks Pro or Premier Editions 2007, 2008, 2009, 2010
- QuickBooks Enterprise Solutions Version 7.0, 8.0, 9.0 and 10.0

Security Software

- Products have been tested with the following software:
 - McAfee Internet Security Suite
 - Symantec Norton® Internet Security Suite
 - Zone Labs' Zone Alarm Pro 5
 - Trend Micro

Note: Some configurations may require that you adjust settings in firewall and antivirus products to ensure the best possible performance with Point of Sale.

System Configuration Notes:

- Disk space requirements do not include company data files. If your company data file is very large or includes item pictures, you may need more disk space.
- In order to run several applications simultaneously, your system should have a multi-core processor and at least 2 GB of RAM.
- Point of Sale will run on both 32-bit and 64-bit processors running Windows. However, not all hardware devices will install and operate on 64-bit operating systems. We recommend that you contact the device manufacturers for more information about installing their hardware devices on 64-bit operating systems.
