

SYSTEM DESIGN ADVANTAGE

QUALITY NEW AND REFURBISHED PARTS FOR IMSN MEMBERS

The Advantage

Since 1992, System Design Advantage (SDA) has been providing the highest-quality service products at the most competitive prices in the marketplace.

SDA parts are now right at your fingertips via the Ingram Micro Services Network (IMSN).

IMSN members can access high-quality new and refurbished parts offered by SDA, including flexible shipping and replacement services, at special pricing not available elsewhere.

Reduce Costs, Increase Margins

With the new SDA-powered parts service, IMSN members can now access quality new and refurbished IT service parts at special pricing directly through IMOnsite.

Next-day or Same-day Delivery

IMSN members can also take advantage of next-day or same-day delivery on the most comprehensive catalog of IT service parts in the industry.

Unlimited Access

Through the SDA link on IMOnsite, members now have access to thousands of product lines from hundreds of manufacturers across the globe.

Flexible Exchange Service

Receive a replacement device through our Advanced Exchange service option before you send your defective original to a designated SDA repair center.

For more information, call the IMSN-SDA Support team at (800) 947-4650, or visit <http://imonsite.ingrammicro.com> and click on the SDA link to take advantage of this new service today.

Key Benefits

- Access thousands of quality IT service parts through IMOnsite.
- Enjoy a single point of contact when ordering multiple parts.
- Save time with a one-stop source for discontinued, end-of-life and hard-to-find parts.
- Easily cross-reference parts with SKU conversion.
- Take advantage of online ordering.
- Reduce costs and increase margins using SDA-quality refurbished parts inventory.
- Improve customer support with same-day or next-day delivery options.
- Benefit from special members-only pricing.

Key Features

- Easily locate and order quality new and refurbished parts via the SDA link at <http://imonsite.ingrammicro.com>.
- Gain access to the largest inventory of IT service parts in the industry, including business-class desktops, laptops, servers, computer peripherals, printers, network equipment and a full range of POS products.
- Multiple OEM authorizations for service parts, consumables and hardware equipment mean the best solutions are always available to you.
- Products are covered by a 90-day warranty.
- Receive a replacement part before you return your defective original to a designated SDA repair center.
