

IT STAFFING COMPLETE OFFERINGS

INGRAM MICRO IT STAFFING SOLUTIONS

Ingram Micro's IT Staffing Solutions can help you meet all of your staffing and recruitment needs. Our recruiting and placement services locate highly qualified, trained and proven candidates for a variety of IT and sales positions.

Instead of spending hours posting classified ads, searching the web for résumés and interviewing dozens of candidates, Ingram Micro IT Staffing Solutions gives you quick and easy access to high-quality technicians, engineers and developers. Just provide a job location, a job description with a list of skill-set requirements, and the target annual/hourly rate you want to pay, and we'll handle the rest — leaving you free to focus on your core business.

IT Staffing Solutions:

Full-Time Direct Personnel Placement — This is an economical solution in which the solution provider pays only 15 percent (for sales or IT personnel) of the accepted candidate's annual salary.

Temporary/Project-Based — Ideal for short-term needs, this option offers both low-end labor and high-end specialized technical resources. Contract a technical resource and only pay for the number of hours needed. A minimum of four hours per engagement is required.

Temporary-to-Hire Labor — Convert your temporary contractor to full-time direct employment at a prorated fee.

Recruitment Process Outsourcing (RPO) — Gain access to a shared and dedicated Ingram Micro recruiter at a flat monthly rate, determined by the number of hires needed. Enjoy significant savings on recruitment and placement services at a fixed price.

Contract-Labor SKUs — Weekly technical support is provided at a competitive rate. Skill sets include Non-Certified, A+ Certified, Network Engineer and Cisco Certified Voice Professional.

VPN Dynamics Promotion — Receive a 50-percent discount on training for any candidate hired through Ingram Micro's IT Staffing Solutions.
